

1. Go to Gale Virtual Reference Library (on MHS Library Web page)

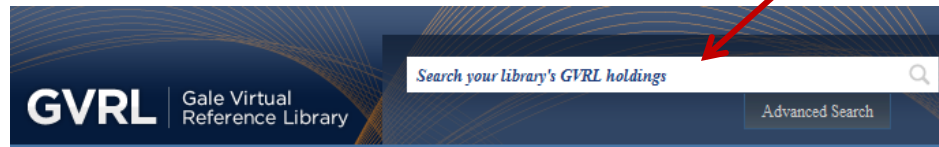

GALE VIRTUAL REFERENCE LIBRARY – Access to 36 eReference books, ranging in topics from: math & sciences – to philosophy – to history & contemporary issues – to witchcraft & religion. [Click here](#) for some quick tips on how to conduct a search.

2. Under **Subjects**: Click Medicine

3. In the *Search your library's GVRL holdings*, type the name of the disease

4. In the sample below, **Gale Encyclopedia of Genetic Disorders** appeared. Encyclopedias are a good choice for a report overview. Click to open.

DISEASE/DISORDER OVERVIEW
Celiac Disease, Page(s): 274-279, word count: 2821.
The Gale Encyclopedia of Genetic Disorders
 Ed. Laurie J. Fundukian . Vol. 1. 3rd ed. Detroit: Gale, 2010.
 Celiac disease is a disease of the digestive system that damages the small intestine and interferes with the absorption of nutrients from food. Celiac disease may be discovered at any age, from infancy through adulthood...

5. Notice how the breakdown of the disease is similar to the report requirements.
